Description

Rusted steel sculptural barbecue by Glammfire.

Create a commanding focal point in your outdoor entertaining space with the Glammfire Intermezzo BBQ.

Cylinder shaped yet with a sculptural cladded appearance, this free-flowing structure is manufactured from unique rusted, lacquered or corten steel.

Just over 2 metres tall, Intermezzo is the perfect accompaniment for al fresco entertaining with its charcoal or firewood burning brushed stainless steel fuel compartment and accenting barbecue grill.

Combine with inspiring contemporary garden furniture from the Houseology Outdoor collection to create a rustic-meets-modern backdrop to enjoy all summer long.

Features:• Outdoor barbecue grill surface• Weather-resistant construction•

Fuel source: Charcoal or firewood• Instruction manual included•

Protection cover included• Approximate Weight: 334 kg

Please note: The finishes and artisan production used ensure that every barbecue is distinctively unique every time with no two structures exactly alike making this product a characterful addition for your al fresco entertaining space.
