Description

Polished stainless steel atomic-inspired Mid Century chandelier. Promote a decadent dimension in your interior space with the Eichholtz Gregorian Chandelier Large. Drawing inspiration from the Mid Century interior icon, the Sputnik chandelier - this designer piece takes cues from the Soviet Union's 1957 Sputnik satellite - the first ever satellite to orbit earth. A contemporary interpretation of Sputnik's design, Gregorian features a captivating starburst of stainless steel rods which burst outwards from a central globe core. A chain suspension and central stainless steel rod fixture suspends this iconic chandelier from above. Combine with accenting designer furniture and lighting from the Houseology Eichholtz collection to complete your aesthetic in style. Light source: Requires 6x E27 40W Max light bulbs (not included) Suspension: 55cm pipe + 160cm chain.
