Description

French style oak dressing table with vintage finish.
Add a touch of Parisian chic to your bedroom interior space with the OH Maison Camille Dressing Table.

Inspired by vintage French furniture this rustic-meets-modern dressing table is characterised by its weathered washed wood antique appearance.

Sculpted from solid oak with oak veneers, Camille features an elegant profile with antique detailing, two storage drawers and graceful curving table legs.

With a slim line rectangular table top, the dresser will combine in harmony with a bedroom chair and dresser mirror from the OH Maison collection to complete your Provence-inspired aesthetic in style.

Please note: Due to the artisan production process and materials used, no two items are exactly alike making this a unique complement for your style-conscious space.
