### Description

Sculptural marble and brass table lamp by Tom Dixon. Add a touch of restrained opulence to your home interior with the Tom Dixon Stone Table Light. Carved with a hollow chamber from milled marble, this remarkable designer table lamp celebrates the beauty of natural marble. Curved in shape with a semi-translucent exterior, this cylinder marble table light allows the natural veins and character of marble to really take the style spot slight. Joined together with concealed glass, the shade appears to float in mid-air, complete with a crown brass light bulb which offers a metallic contrast of materials. Place on your side table or adorn your hallway console table and combine with accenting Tom Dixon lighting for a layered ambience of designer style. Brass crowned 5W LED light bulb included. Please note: Due to the natural veins of marble, no two lamps are exactly alike making this a unique statement for your home interior space. On/off switch on cable.
