

## Ethimo Cronos Round Dining Table

Round teak outdoor dining table by Ethimo.  
TH0444

Dimensions  
Height: 75cm

Colour : Brown  
Material : Natural or Pickled Teak

### Description

Round teak outdoor dining table by Ethimo.

The ultimate backdrop for alfresco entertaining is easy with the Ethimo Cronos Dining Table.

Sculpted from wood in a choice of grey painted pickled teak or natural teak finishes, this striking round dining table is developed specifically for outdoor use.

UV and weather resistant, the natural teak creates a warming aesthetic, designed with a slatted table top and distinctive hourglass base.

Seat 6-8 people and accent with Ethimo outdoor dining chairs to complete the aesthetic in style.

Simple self assembly required.

During extreme adverse weather conditions and hard winters store your luxury garden furniture indoors.

The pickled teak finish is brushed and painted grey to create a lived-in aesthetic where the teak wood looks like it has already aged for generations and over time will develop a further silver grey patina effect. Natural teak features a lacquered finish however it will still age and patina over time unless covered with a rain cover when not in use.

This product is weather and UV resistant however to protect the luxury aesthetic we advise using an Ethimo Rain Cover (sold separately) when not in use - contact our customer service team for more information.

Product approx weight 49kg

Seats 6-8 people
