### Description

Minimalist beech wood and premium leather dining chair.

Create the perfect backdrop for style-conscious dining with the NORR11 Langue Original Dining Chair Black - Leather.

A striking style statement with minimalist aesthetic appeal, this welcoming designer dining chair takes style cues from Mid Century style and the meticulous craftsmanship of Danish carpentry.

With a gentle, clean line appearance, the sumptuous shell seat promotes optimum comfort, fully upholstered in premium leather - available in a choice of colourways.

Gracefully elevated, a beech wood frame construction completes this contemporary design with a sleek black finish.

For a complete furniture arrangement explore the Houseology NORR11 designer dining table collection.

Aesthetic: Hand sculpted from natural leather, the hide appearance is distinctively unique every time with no two exactly alike.
