Description

Minimalist premium leather dining chair with powder coated black steel legs.

Encourage your guests to stay seated long after dessert has finished with the NORR11 Langu Original Avantgarde Dining Chair Black - Leather.

Featuring a clean line, minimalist design, this striking designer dining chair takes style cues from the angular aesthetic of Mid Century Modern furniture design.

Comprised of a comfortable shell seat, it is fully upholstered with a premium leather finish, available in a choice of refreshing colourways.

An angular black powder coated steel chair leg construction completes the timeless aesthetic in style.

Explore the extensive Houseology NORR11 collection to find the perfect designer dining table to complete your arrangement in style.

Aesthetic: Due to the natural leather material used, the shell seat appearance is unique every time with no two exactly alike.
