Description

Large round spun metal coffee table with metal frame and removable tray table.

Create a convivial focal point in your lounge interior scheme with the NORR11 Duke Coffee Table L.

Practical and stylish, this contemporary coffee table offers interior flexibility with the inclusion of a removable tray table top.

Round in shape, the spun metal tray is elevated in style by a clean cubed metal rod base.

The perfect centrepiece for your living room, Duke takes style inspiration from Danish minimalism and the sleek silhouettes of Modernist furniture design.

Forming NORR11's family of small, medium and large side and coffee tables, group together in harmony to create an inspirational landscape to complement your existing lounge furniture.
