Description

Round wooden tray with organic droplet patterned glass inlay. Channel the graceful aesthetic of the Notre Monde Mist Gold Organic Glass Tray Round Small into your interior space. With an organic appearance, this unusual clear glass tray explores the unique visual effect of petroleum droplets on water, recreated in tones of cool copper and ivory. Clouded with an enchanting quality, the mesmerising glass tray surface combines in harmony with the contrasting wooden rim. Display on your coffee table or use the tray to create a side table by combining with the Notre Monde tray table stand set (sold separately) to complete your aesthetic in style. Please note: Due to the artisan production process and materials used, each Notre Monde product is unique every time with no two trays exactly alike.
