### Description

Polished nickel 6 arm chandelier by RV Astley.  
Create a commanding focal point in your home interior space with the RV Astley Saturn 6 Arm Angled Chandelier.  
Taking its name from the planet Saturn, this polished nickel chandelier features an angular structure, hung from a statement chain suspension. Nestling six arms inside, each light fitting then includes a cylindrical glass shade, completing the aesthetic in style.  
Hang in your entrance hallway to light dimly lit areas or create a striking installation by gracing together in an aligned configuration for maximum visual impact.  
For a layered fusion of metallic modernity, combine the Saturn Chandelier with designer furniture and mirrors from Houseology's extensive RV Astley furniture collection.  
Please note: Due to the artisan production process and materials used, each chandelier is unique every time with no two exactly alike.  
Chain suspension length: 100cm  
Requires 6x 25W E14 dimmable bulbs (not included)
