### Description

Antique brass wall lamp with opal white fabric lamp shade. Illuminate the beauty of your home interior space with the RV Astley Iva Wall Lamp. Taking style cues from antique horn sculptures, Iva is an artful beauty for classic and contemporary interior spaces. Great for dimly lit corridors and hallway interiors, it is meticulously sculpted with an antique brass finish and features two horn shaped arms which join together in a harmonious criss-cross arrangement. Held together by an accenting brass rectangular wall plate, Iva then offers a twin bulb illumination, nestled within an inviting oval shaped opal white lamp shade. Hang alone or pair at either side of an RV Astley mirror for a layered opulence of classic-meets-contemporary style. Please note: Each lamp is unique every time with no two exactly alike as each product is handmade to order. Requires 2x E14 40W Max light bulbs (not included) This product is hardwired - professional installation recommended.
