### Description

PE rattan luxury garden furniture set including:

- 1x Garden Trading Harting 3-Seater Sofa
- 1x Garden Trading Harting Rectangular Coffee Table
- 2x Garden Trading Harting Armchairs

Inspired by the rustic charm of Italian outdoor spaces, this chic sofa set offers a complete furniture look for garden settings.

Similar to the feeling of naturally woven wicker, the PE rattan exterior is specially treated for outdoor use providing ultimate protection against our unpredictable weather.

Ultra-padded seat, back and bolster cushions then complete the aesthetic in a smart black upholstery colourway.

UV resistant and showerproof, although the upholstery is developed for outdoor use, we do recommend storing it indoors when not in use to uphold its luxury aesthetic.

With a clean line cubed aesthetic, the 3-seater sofa and armchairs then accent effortlessly with a low level glass topped rectangular outdoor coffee table, setting the scene for relaxed al fresco entertaining with family and friends this summer.

Aesthetic care: Store your furniture indoors during adverse weather conditions, hard winters and high winds.
