Description

Robust outdoor garden bollard light in a choice of metal finishes. Add the final landscaping touches to your outdoor space with the Nordlux Darwin Straight Outdoor Garden Post. Designed by Nordic lighting experts, this bollard outdoor lighting collection exudes designer appeal. Timelessly stylish, Darwin really is a light bulb moment for patio paths, walkways and patio settings. Robustly crafted from a selection of durable galvanised steel or matt black finishes, each light features a clean line, minimalist design with opal white glass cylinder diffuser and protective caged exterior. Designed to endure our unpredictable UK weather, the design is complete with a rust-resistant finish making this a long-lasting addition to complete your outdoor living space in style.

Features:

- Slim outdoor bollard garden light.
- Rust and weather-resistant
- Choice of powder coated, galvanised and aluminium finishes
- 15 year anti-corrosion guarantee (black and galvanised only)
- Galvanised metal finish is perfect for coastal locations
- White opal glass tube diffuser
- Parallel connection is possible

Installation:

- Requires 1x E27 18W Max light bulb (light bulb not included)
- This product is hardwired - professional installation recommended
- Class 2 double insulated - suitable for properties where wiring does not include a lighting circuit with an earth cable.
- Before mounting, Nordlux recommend treating the aluminium finish with acid-free oil (not included)
- Approximate net product weight: 1.61kg
