Description

Round slatted teak wood outdoor coffee table available in a choice of finishes.

Create the perfect backdrop for refreshing cocktails outdoors with the XVL Malibu Large Coffee Table.

Forming part of XVL's iconic outdoor living collection, this round low-level coffee table is minimalist with a Scandic expression.

Sculpted from teak wood by skilled craftsmen, the table top is slatted in appearance and completed with a weatherproof stain finish or choice of natural teak.

The design is completed with angular tripod wooden table legs.

Further elevate the look with accenting designer outdoor furniture from the Houseology XVL Outdoor collection to complete the aesthetic in style.

Please note: Due to the artisan production process and materials used, no two items are exactly alike making this a unique addition for your outdoor space.

Aesthetic care: We recommend during adverse weather conditions and hard winters that furniture is covered or stored inside.
