Description

Gold finished steel console table set of 3 with black marble top and Z-shaped base.

Invite the metallic modernity of the Eichholtz Galaxy Console Table Gold Finish Set Of 3 into your home interior space.

Exuding designer appeal, the stainless steel frames of this dynamic console table trio features a glimmering gold coloured finish.

Offering ultimate flexibility the tables can be used together as a console or split in three to create pedestals for table lamps and treasured homeware accessories around the home.

Luxe with a rich expression of contemporary style, we love the contrast between the gold glamour and triangular black marble table tops.

Z-shaped winding bases then complete the look allowing the beauty of your interior surroundings to effortlessly filter through.

Please note: Hand sculpted by skilled artisans, each marble table top features a unique vein structure appearance with no two exactly alike. Approximate net product weight: 52kg
