### Description

Modern integrated LED wall light with oiled walnut finial handle and adjustable metal lamp head.  
Invite the striking angular geometry of the Nordlux Design For The People Pure Wall Light into your home.  
Perfect for illuminating dimly lit corridors, this contemporary powder coated metal wall light with adjustable lamp head is informed by Mid Century design.  
Serene with a minimalist expression, the silhouette is decidedly Danish and features an oiled walnut finial handle for a welcome contrast.  
Complete with integrated LED bulb, the lamp head can be tweaked up, down and side to side for your preferred illumination.  
Presented in a choice of colourways, the look is complete with a circular wall rose with subtle on/off switch on the base.  
Use to highlight either side of a mirror or treasured artwork for an inviting style symmetry or add to stark residential architecture schemes for warming interior ambience.
