### Description

Agate stone and gold finish chandelier.

Invite the showstopping style of the Eichholtz Branquino Chandelier Large Iron Gold Finish Agate Stone into your home.

Inspired by the striking silhouettes of Mid Century Sputnik chandeliers, this unique interpretation features an agate stone exterior.

Nestled in place by angular iron rods, the flat discs of semiprecious stone feature a naturally occurring crystalised appearance, resulting in an exclusive and luxurious agate aesthetic every time.

Joining to a central sphere, the metalwork is exquisitely adorned with a glamorous gold finish as 17 lamp holders emanate a striking interior ambience once lit.

Easy to install from a chain and link suspension canopy, use yours to add Luxe style above dining areas or hang in a clustered formation in grand entrance hallways for maximum visual effect.

Approximate net product weight: 7kg

Light source: Requires 11x E14 40W Max light bulbs (not included)
