Description

1 drawer designer side table made from European oak and oak veneers.- The stunning Houseology Collection Delano 1 Drawer Side Table Natural Oak features a beautiful inlay chevron design with angular legs. Handmade using European oak and rustic oak structured veneers, the characterful design showcases the natural beauty of oak grain and knots. Finished in a specialist matt lacquer, which keeps the timber looking natural and dry, with a brushed out grain, the table is tactile to touch and looks amazing. For added practicality, it features a handy push open drawer to store your bedside or reading corner essentials inside. Combine with matching Delano furniture elements of the Houseology Collection for a fine fusion of designer style. Due to the naturally occurring wood grain and knots of oak wood, each side table is utterly unique every time with no two exactly the same. Net product weight: 11.6kg
