### Description

Black finish stainless steel Eichholtz coffee table with faux marble fibre glass top and brushed brass rim.

Welcome the Luxe glamour of the Eichholtz Parme Oval Black Faux Marble Coffee Table Brushed Brass into the heart of your design scheme.

Embracing a mixed material aesthetic, this fibre glass topped coffee table recreates the alluring veined appearance of honed marble.

Look just like the real thing, this coffee table offers a lighter more flexible design than heavy marble coffee tables and the table top can be easily wiped making it ideal for everyday use.

Stylishly elevated from a stemmed black gloss finish stainless steel base, the aesthetic is complete with a sleek brushed brass edging for the ultimate feeling of metallic indulgence.

Use alone for an instant focal point or group with the Parme Round Coffee Table and Side Table - sold separately here - for a layered installation.

This designer coffee table is artisan crafted to create the naturally appearing white veined structure of marble - resulting in an utterly unique appearance every time with no two exactly the same.

Self assembly required.

Net product weight: 32kg
