Description

LED spotlight polished stainless steel and clear glass chandelier.
Find a showstopping illumination in the Eichholtz Summit Chandelier 90cm Round.

The ultimate interior enchantment for Luxe interior schemes, this designer chandelier is inspired by the grandeur of antique banquet chandeliers. Exuding timeless appeal with a distinctive polished stainless steel construction, this designer lighting solution features a crown canopy with metal rod suspension joined by a central link chain.

Graduating in size, the lamp nestles 12 exquisite glass hurricane lanterns inside for an illumination just like glowing candle light when viewed from below.

Look closer and each hurricane nestles LED lamp holders inside (bulbs not included) which can be set in different positions using the ambience remote control (included).

Grace above your dining table and combine with complementing Eichholtz furniture from the Houseology Eichholtz collection for a fine fusion of designer style.

Light source: 12x E14 5W Max LED light bulbs (light bulbs are not included)

Suspension: Polished stainless steel chain 150cm

Net product weight: 29kg

Includes remote control to dim the lights and set different lighting positions to get the ambience just right.
