Description

Chartreuse yellow velvet designer occasional chair with high gloss lacquer legs.

Find a Mid Century marvel to remember in the Kelly Hoppen by Resource Decor Marlow Accent Chair - Lemon.

Inspired by striking retro furniture silhouettes, this designer occasional armchair combines Vadit Lemon yellow velvet upholstery with tapered high gloss wooden legs.

With a dark stained finish, the beech wood legs create an architectural contrast to the sumptuously soft upholstery above.

Deep double button detailing adds distinction to the design as stepped arms and a contoured cushion promote an unsurpassed level of comfort.

Use yours in lounge, lobby or bedroom areas for a touch of retro revival style and discover more interior design inspiration in the Kelly Hoppen by Resource Decor collection.
