Description

Rich stained walnut veneer nightstand with satin brass finish frame.

Welcome the vintage nostalgia of the Maison 55 by Resource Decor Durham Nightstand Walnut Veneer your home.

A charming alternative to modern bedside tables, this classic nightstand features a retro inspired design.

This classic, campaign-style nightstand features figured Hyedua veneers in a robust walnut finish.

Turned metal tapered legs in a satin brass finish offer a lovely contrast as decorative brass corner accents and leather strap detailing create an inviting contrast.

We especially love the incorporation of a recess storage shelf section leaving ample space for reading glasses and your bedtime literature.

Discover more retro revival design inspiration in the Maison 55 by Resource Decor collection to elevate your interior to the next level.

Due to the rich grain structure of natural wood, each nightstand is utterly unique every time with no two exactly the same.
