Description

Indigo blue designer rug with abstract diamond pattern.
Welcome depth into your interior with the William Yeoward Mariah Indigo Rug Wool.
Exquisitely hand crafted from lustrous wool yarns, this indigo blue designer rug collection draws inspiration from designer William Yeoward's travels around the world.
With an indigo blue colouring and abstract trellis effect pattern, the designer explains his inspirations behind the artisan design:
"A long time ago, I discovered an exquisite hand dyed indigo fabric in a market. It is always so exciting when years later a treasured design finds its moment to shine and this exquisite hand tufted rug has been double dyed to recreate the original design quite perfectly."
Use yours to invite global traveller intrigue into large open plan interiors, creating a comforting convivial focal point where you can gather your furniture around.
Double dyed to create an artisan effect, the colouring of each rug is utterly unique every time with no two exactly alike making this an artistic focal point that you can truly call your own.
