Description

Amber glass convex sunburst mirror by Eichholtz.
Find an instant focal point in the Eichholtz Cosmos Mirror Amber Glass. Exuding a feeling of nostalgic retro allure, this amber glass designer convex mirror takes style cues from the radiant sunray profile of Mid Century sunburst mirrors.
With a small convex mirrored interior, the faceted amber glass sections span in every direction to create a unique and decorative effect.
Use yours to transform vacant wall space and add a touch of Luxe radiance to muted interior schemes.
Net product weight: 22kg
Hanging method: French cleat horizontal.
